EDUCATION

University Name

Grand Canyon University

GCU

EXPERIENCE

My journey began in 1996 the year the olympics came to Ga. Ga Power (the company my husband works for decided they needed more workers in Atlanta, so off we went). Through the years I have worked in the Pre- K setting , Head Start, and the Elementary setting. We returned to Burke County 5 years ago , where our plans are to retire(someday). Thus, my adventures at GSIC ... I am looking forward to a great year .
